

## The Blueprint for Opportunity

# \$3.5 Million Renovation Project

RT Industries is embarking on a \$3.5 million renovation to expand our capacity to serve the Miami and neighboring county business community. This isn't just a renovation to our building, it's an expansion of opportunity.

With modern facilities, updated training facilities, and more ADA-accessible spaces, we'll be able to prepare more individuals for meaningful employment while strengthening our partnerships with local businesses like yours.
