# DSP Appreciation Week

*Truly Grateful for you.*

*"People will forget what you said, people will forget what you did, but people will never forget how you made them feel." Maya Angelou*

What is a DSP and why do we celebrate the position? A DSP is the term coined in Ohio as Direct Support Professional. A DSP provides direct support to people with developmental disabilities of all ages.

This week gives providers a chance to remind people about the important contributions that DSPs make to their community. Their work is a crucial piece in the delivery of quality services for people with intellectual and developmental disabilities. DSPs play a vital role in the system and truly have the ability to change the lives of the people they work with on a daily basis.

# WELCOME to the team!

## Sheryl, Community Engagement Specialist

I am excited to work at RT because I have worked in the field before and I am really excited to start working with individuals with disabilities again!

## Chandra, Community Engagement & Operations Director

I am excited to work at RT because I believe if we want to see a difference, we need to be the difference, and that is exactly what RT is doing. I love becoming part of an agency committed to making the lives of others better.

## Always on the Move

Between Day and Employment Services, RT is always on the move! Each day employees strive to promote our mission of helping people achieve personal success by developing skills to confidently work, interact and thrive in the community. Our mission looks different to each person that receives our services based on *their* interests, needs and wants!

Sometimes we celebrate BIG accomplishments, like Conner who mastered folding pizza boxes AND sandwich boxes and other times we celebrate simply having a good day. In general, we want to be included, to be kind humans and help others. Making an impact on someone's life no matter how big or small through Day and Employment services is what we do!
